## Top Skills

Deep Learning  
Convolutional Neural Networks (CNN)  
TensorFlow

## Languages

Malayalam (Native or Bilingual)  
English (Full Professional)  
Hindi (Professional Working)  
German (Elementary)

## Certifications

Object Oriented Programming  
Introduction to Programming in C  
Computer Communications  
Specialization  
Peer-to-Peer Protocols and Local  
Area Networks  
Supervised Machine Learning:  
Regression and Classification

# Ben Gregory John

AWS Certified | Aspiring MLOps Engineer | Cloud & Data Enthusiast  
Mavelikkara, Kerala, India

## Summary

A third-year B.Tech CSE student at Lovely Professional University with a strong passion for building scalable, production-ready technology solutions. My core strengths lie in Machine Learning Operations (MLOps), AWS Services (AWS Certified), Java Programming and Data Structures & Algorithms, with hands-on experience in developing end-to-end ML pipelines and applications.

I actively explore AI, Cloud, DevOps, and System Design, sharing my work and insights on GitHub, LeetCode, and Kaggle. My career objective is to grow into a AI and MLOps Engineer, combining software engineering principles with scalable machine learning deployment.

Beyond academics, I have served as a public speaker and event anchor at the Cisco x LPU iGen CyberSec Symposium, where I engaged with industry leaders and gained valuable leadership and communication experience. Outside of technology, I enjoy playing the piano, reading, and analyzing football tournaments.

I am always open to connecting with professionals, mentors, and organizations where I can contribute, learn, and grow.

---

## Experience

Cisco x LPU iGen  
Public Speaker  
February 2024 - May 2025 (1 year 4 months)  
Phagwara, Punjab, India
